

ENVIRONMENTAL STATEMENT

AquaPhoenix Scientific is committed to managing environmental impact as an integral part of our operations. It is our expectation to always ensure the environmental integrity of our processes and facilities. We will do so by adhering to the following principles:

- Employ management systems and procedures specifically designed to minimize the generation of waste; to properly manage waste disposal and to enable recycling and reuse of materials.
- Continually seek opportunities to improve our environmental performance by establishing objectives and targets, measuring progress, and reporting our results.
- Promote participation and communicate our commitment to responsible environmental management by providing our employees with the necessary training and support to implement this policy.
- Solicit input from our employees, suppliers, customers, and board members in meeting our environmental goals.
